# Programming JavaScript

Santosh Kalwar, 14.03.2022

# JavaScript Topics

- General Discussions
  - Next week we will start new course: Programming PHP
  - Recap of Parcel bundler

- Final project submission deadline coming soon
  - ToDo app
  - Food tracker

- localStorage
  - Example
  - To do app using localStorage

- Practice / Classroom coding

# localStorage

```
// saves the data in the item
localStorage.setItem("itemname", "value")

 // get the data in the item
localStorage.getItem("itemname")

// removes the item
localStorage.removeItem("itemname")

 // removes all items
localStorage.clear()
```

# Practice / Classroom coding

(Goup /teams work)

**dom_catshat.html:** You are provided with two images. One with cat's image dand another one with its hat's image. Write a function to animate both cat and its hat.

**miniproject**:  a simple currency exchange application
